

## WHERE LAW SCHOOL ENDS, WE CONTINUE.

By filling the gap between theory and practice, the **CBA Skilled Lawyer Series** will teach you the real-world skills you need to exceed the expectations of your clients.

This interactive and tailored program offers a full range of accredited online courses that build core competencies, emphasizing the functional and technical capabilities required by litigation and corporate lawyers.

Through video demonstrations, case studies and simulated problems, we'll deliver practical, experiential training that's affordable and accessible.

The new **CBA Skilled Lawyer Series** – one more way we provide professional development that turns your potential into the skills required to excel in the courtroom or the boardroom.
